

Elevator Room Power Box 电梯机房电源箱

Product characteristics 产品特点

Housing, transparent viewing window, operating surface protective cover
壳体、透明观察窗、操作面防护罩

Protection Grade 防护等级

Operating surface protection class IP20C, housing protection class IP30
操作面防护等级为IP20C，外壳防护等级为IP30

Box Material 箱体材质

Panel material SMS, operation surface clamshell material PC, operation surface frame material ABS
面板材质SMS, 操作面翻盖材质PC, 操作面框材质ABS

Installation Position 安装位置

Machine Room, hoistway
机房、井道

Installation Method 安装方式

Embedded and External type
嵌八式、外挂式

Standard of Product Execution: GB / T7251.3
产品执行标准: GB / T7251.3
Products through National CCC Certification
产品通过国家CCC认证

Technical Parameters 技术参数

Model 型号	SNGA-30					
Rated current 额定电流	125A	100A	80A	63A	50A	32A
Rated operating voltage 额定工作电压	AC 380V、220V			Rated short-time withstand current 额定短时耐受电流		6KV
RatedInsulationvoltage 额定绝缘电压	400V			Frequency 频率		50Hz/60Hz
Physical dimension 外形尺寸	L270mm × H350mm × W120mm
